

## Mouro Capital Doubles Down on LatAm with Diego Gálvez as Partner

We are excited to welcome [Diego Gálvez de Yturbe](#) as a Partner at Mouro Capital, leading our LatAm efforts. As fintech continues to reshape industries worldwide, we are doubling down on Latin America—a region brimming with talent, capital depth, and an evolving financial ecosystem.

With a strong track record in venture, growth, and buyout investing, Diego has actively backed fintech, technology, consumer, and software companies shaping the region. Before joining Mouro, Diego was Head of LatAm Investments at Prosus Ventures, where he oversaw investments across Mexico, Colombia, and Brazil, supporting innovative companies like Klar, 99 Minutos, Azos, and Platzi. Prior to that, at SoftBank's LatAm Innovation Fund, he helped deploy \$650M+ into companies such as Clip, Kavak, and Konfío, as well as early-stage venture capital funds.

At Mouro, we have long believed in LatAm's immense potential and have proudly backed pioneering companies such as [Creditas](#), [Klar](#), [PayJoy](#), [Nowports](#), [Nocnoc](#), and most recently, [Colektia](#). With Diego on board, we are ready to support the next wave of bold entrepreneurs driving transformation across the region.

Mouro Capital is a venture capital firm with \$400M in assets under management, targeting early to growth fintech investment opportunities across Europe, North America, and Latin America. Founded in 2015, Mouro Capital has made over 50 investments in the sector.
